

Levels of Scholarship

At What Level do YOU Choose to Educate Yourself?

Apprentice: Knowledge Level:

This is the core class for everyone where the basic topics and principles are brought up and discussed with supporting activities. You are encouraged to share examples of your projects to inspire each other.

- Attend class
- Read the assignments
- Participate in the discussion
- Discover principles
- Mark papers as we talk and discuss in class
- Think about ideas and concepts
- Write about what you learned in your Reflection Journal
- No assignments are turned in at this level

Journeyman: Understanding Level:

- Complete Apprentice Level
- Read extra material
- Do assignment attached to extra material
- Apply the principles you discovered
- Add to vocabulary list and to portfolio
- You will turn in your portfolio half way through the semester and at the end of each semester

Mastery: Intelligence Level:

- Complete the Journeyman assignments
- Be creative - add detail, color, design to your assignments (they do not have to fit into your notebook)
- Apply the principles you've discovered, Act on what the spirit has told you
- Write down your experiences
- You will turn everything in and be mentored through each paper and assignment

Remember this is YOUR Education!
